

# Will the Circle be Unbroken

Soprano Ukulele

arr. Vlad Meşco

Bluegrass finger-picking

You have four fingers: (p) - thumb, (i) - index, (m) - middle, (a) - ring finger

Assign each finger to a string: play the highest string with (a), second string (m), third string (i) and lowest with (p)

Doublets are played (i)+(m)

Try to get in the groove while playing: you'll find the a-p-m-p-m-p-i-m--X-X plucking pattern repeats

**Adagio**

Don't pluck the tied notes

6 III ½

10

14 III ½

III ½ = half-barré on the 3rd fret. This means to take your index finger and place over the first two/three strings on the third fret and fret the remaining notes from this position. The underscores tell you what notes it applies over. p-i-m-a placed over a note indicates what right-hand finger is intended to play it.
